

High School Completion Status

Your financial aid application was selected for review in a process called verification. WSCO has the right to review this information prior to awarding federal aid (34 CFR, Part 668). If corrections are necessary, we will notify the federal processors and send you a revised offer of financial aid indicating any changes in aid eligibility.

Action is Required –

Please provide one of the following documents that indicate that student's high school completion status:

- A copy of a high school diploma with graduation date
- A copy of a final, official high school transcript that shows the date when the diploma was awarded
- A copy of a General Educational Development (GED) certificate or GED transcript
- An academic transcript that indicates the student successfully completed at least a two-year program that is acceptable for full credit toward a bachelor's degree
- A copy of a secondary school completion credential for homeschool (other than a high school diploma or its recognized equivalent) if state law requires homeschooled students to obtain that credential
- A transcript or the equivalent, signed by the parent or guardian of a homeschooled student, that lists the secondary school courses the student completed and documents the successful completion of a secondary school education in a homeschool setting

If WSCO recently received one of the documents above as part of the admission process, please alert the Office of Financial Aid, you may not need to request another copy. If you need to order a copy of your GED, you can do this through The Diploma Sender website at diplomasender.com

If the student is unable to obtain at least one of the documents listed above, please contact the Office of Financial Aid immediately.

Documents may be dropped off in person at the WSCO Student One Stop.
