

# CONVENIENT COVID-19 TESTING SITES FOR WASHINGTON COUNTY RESIDENTS

If you need to get tested for COVID-19, you have options! You and your doctor can choose among local hospitals, urgent care centers, private healthcare providers, and retail pharmacies, depending on how quickly you need the results and how much you want to spend. Call before going to make sure they have tests available. Most have a screening process that you must complete before testing. Cost varies, so be sure to ask!

Unsure if you need testing? Call one of these nurse hotlines to help you decide.

- **Marietta Memorial Hospital 24/7 Nurseline** 844-474-6522
- **WVU Medicine Nurseline** 304-598-6000, option 4
